

VISITING GMHBA STADIUM

A SOCIAL STORY

I am going to watch the Cats play an AFL game.

It is going to be at GMHBA Stadium.

We might wear our beanies, scarves, or badges. I might wear my Sunflower Lanyard.

There will be a lot of other people at the stadium to watch the game too.

When I arrive, I need to scan my ticket and go through the gates.

The security staff may use their wand or look inside my bag.

When we get inside, we can go and collect a Sensory Backpack or Weighted Lap Mat.

We need to find our seats. We might climb some stairs.

I might see Half-Cat or Clawdia.

Sometimes fireworks might go off. This can happen before, during or after the game.

We might buy some food, or we might bring our own from home.

I will see lots of other people wearing blue and white.

A siren will sound before, during, and after the game.

When the Cats kick a goal, there is lots of cheering.

If I need to, I can wear my headphones or use a fidget toy to help me feel calm and in control.

If need to, I can go with a responsible person to the Sensory Zone.

When the game ends, there will be lots of cheering and the theme song will be played. Lots of people will sing along. I might too!

Going to the football will be fun. Go Cats!
